

Re-Elect

Mark

SCHULZ

Osseo City Council

Hello Neighbors!

I am current City Council Member Mark Schulz and I am seeking your support and your vote for re-election.

As your Osseo Representative to the Council and the Economic Development Authority for the past 6 ½ years, we have been through many changes together

When I took office those years ago, our improvement funds were depleted, some were even overdrawn, and the burning question on many minds was “Are we going to be acquired by Brooklyn Park or Maple Grove.” We addressed those issues by restructuring many things in the City, and by planning for the future. That job will never be done in Osseo because of our small size. As an integral part of those teams, OUR OSSEO has become a much more financially stable place. We need to continue to look for smart redevelopment and funding opportunities for our city coffers moving ahead.

You have noticed many improvements. new buildings, streets, and other infrastructure improvements. The businesses on Central and 81 have filled up and have improved or changed hands to the point where they are today. As I write this, I wish to announce the addition of Red’s Savoy Pizza to the Former Copper Kettle site on Central Ave. (Dec 2016). This new business would not be possible without the improvements, and the new residents to Osseo. We have done this while cutting taxes my first four years and with a focused growth plan for the last 2. Through new development, the burden of taxes is being shared by more, lessening it on everyone

Osseo is a safe place to live. That is because of our connected community and our devotion to maintaining our Local Police and Fire Departments. Emergencies, on average are responded to within only a couple minutes, vs the several for the surrounding communities.

I have been a resident of Osseo for 12 years. My wife Kerstin (who is also a city volunteer as the Chair of the Park and Rec Committee) and I have been married for 21 years. We have enjoyed raising our 4 kids here – with our first one in college.

Professionally I am a Chiropractor, and both of us own businesses based in Osseo- Twin Cities Natural Care Center, and TPMI at 232 Central Ave.

We love this community and will continue to give back for years to come.
